Features	Electrical cables dropping down from the ceiling are prevalent in factories. Whether they are constantly hanging vertically, on an angle, and/or are subject to being pulled across the room, the dead weight and pull stresses on the internal structures from the cable itself, as well as the weight of devices, keep them under threat of pullout from the connections, resulting in power failures and unscheduled downtime. Kellems offers support grips to meet every need in the factory, in a wide variety of eye styl
