Descriptions

Description	SCOTCH VARNISHED CAMBRIC TAPE, 3/4" X 60', YL
extra long description	3M 7000031629 Scotch® Varnished Cam
Features	Some electrical connections require a strong layer of mechanical protection while ensuring easy re-entry, and the 8-mil thick Scotch® Tape 2520 does just that. It supports dielectric connections while staying intact and resistant to abrasion, punctures and scraping. This insulating tape stays in place after application with its pressure-sensitive rubber-resin adhesive. The backing is made of woven cotton cambric fabric, and it's oil-primed and varnished with electrical-grade insulating varnish. This tape
Long Description	Scotch® Tape 2520 is an 8 mil thick, highly conformable, premium grade tape that's suitable for bus bars, motor leads and service drop connections. It withstands temperatures up to 221 °F (105 °C).
