## "Battery Will not stay in charger"

PROS Short Charge Time

CONS

BEST USES Residential Construction

**Comments about M18™ Cordless LITHIUM-ION System M18™ Cordless LITHIUM-ION 2-Tool Combo Kit:**

This combo kit seems like a great deal and awesome technology. I like that it charges fast and easy to use but I am returning this tool kit because of two reasons:

1. No Hammer drill handle
2. The battery will not stay seated in the charger to charge. I have to push it down hard and even then with a slight bump it is enough to cause one pin the battery to loose connection and stop charging.

**BOTTOM LINE** No, I would not recommend this to a friend*Was this review helpful? Yes / No - You may also flag this review*[Comment on this review](#)

**Comments about M18™ Cordless LITHIUM-ION System M18™ Cordless LITHIUM-ION 2-Tool Combo Kit:**

Great power, Great battery life, lightweight !!! I am using this product to remodel my new home. The only thing I can say about it that is hardly negative is that I wish the handle for the hammer drill was included in the combo kit, other than that, it's perfect.

**BOTTOM LINE** Yes, I would recommend this to a friend
