SDS-Plus Rotary Hammer Kit                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Long Description            | Powered by FUEL <sup>™</sup> technology, the M18 FUEL <sup>™</sup> 1-1/8 in. SDS<br>plus rotary hammer delivers faster than corded speed, corded<br>durability, and all day work on one charge. The Milwaukee<br>POWERSTATE brushless motor provides 3.3 ft-lbs of impact<br>energy, 0-1, 350 RPM and 0-5,000 BPM. The Milwaukee<br>REDLITHIUM XC 4.0 battery packs provide all day work on one<br>charge, 20% more power and 2X more recharges than standard<br>lithium-ion batteries. REDLITHIUM SDS-Plus intelligence<br>integrates full-circle communication between tool,  |
