PVC Conduit Fittings

Kraloy® The Fitting Choice

As the industry leader in PVC Conduit Fittings, Kraloy is the perfect fit for your high quality demanding specs in new wind and solar projects. Nonmetallic conduit fittings are increasingly the fitting of choice due to their ability to perform in demanding environments, the ease of installation and the resulting labor savings.

PVC can be GREEN!

At Kraloy, we use recyclable material in many of our products! Even at the end of its life, PVC is still recyclable. Compared to other materials, our PVC is durable and will not corrode so that it can be used for many years without any need to replace it. The less often you need to replace it, the better it is for our planet!

KRALOY® JBox® Standard Cover and Hinged Cover

The Kraloy JBox is ideally suited for indoor and outdoor use and made to perform in the most demanding environments. Made of PVC, the JBox is extremely durable and resistant to impact in a wide range of temperatures and is not adversely affected by water and chemicals. The Kraloy JBox is entirely non-metallic, eliminating corrosion concerns with screws and other metal parts and is NEMA 1, 2, 3R, 4, 4X, 6*, 6P*, 12 and 13 rated.

* Applies only to sizes 4" to 12"

Big Projects Mean Big Diameters

Because your Solar & Wind projects require large infrastructures, you must have quality product that can support and deliver what you need. At Kraloy, we have fittings available up to 8”.

Description	Sizes	Description	Sizes
 <p>Schedule 40 & 80 Special and Standard Radius Bends, 90°, 45°, 22-1/2°, 11-1/4°</p>	1/2" - 8"	 <p>Access Fittings (Type C, E, LB, LR, LL, T, TB)</p>	1/2" - 4"
 <p>Couplings (CP)</p>	1/2" - 8"	 <p>Service Entrance Fittings (MH)</p>	1/2" - 4"
 <p>Terminal Adapters (TA)</p>	1/2" - 8"	 <p>Junction Boxes (JBX)</p>	4" x 4" 16" x 16"
