# EcoMax<sup>®</sup>

## Fluorescent Lamps

Westinghouse Lighting is expanding the **EcoMax<sup>®</sup>** fluorescent product line. **EcoMax<sup>®</sup>** can be used wherever specifications call for TCLP (Toxicity Characteristic Leaching Procedure) compliant fluorescent lamps.

### Reduced Mercury

- Contains up to 70% less mercury than standard fluorescent lamps
- TCLP compliant

### Economical and Environmental

- Less mercury and fewer lamps in landfills, along with energy efficiency, reduce the negative impact on the environment

### Long Life

- 18,000-24,000 hours

Available in a full range of colors, including standard and high CRI lamps
