For Professionals... Since 1857™

TELESCOPING MAGNETIC LED PICKUP

Klein's new Telescoping LED Pickup Tool allows you to retrieve any magnetic tool or part—the ones that always seem to drop out of reach. The telescoping arm extends almost two feet, and the gooseneck end allows you to reach around into the tough spots. When you're in low light, the LED provides light to guide you to your tool and back. The Telescoping Magnetic LED Pickup allows you to reclaim your dropped tools, making this a must for your tool bag.

2 X AAA ALKALINE BATTERIES (INCLUDED)
