BR PON LOADCNTR 200A 25KAIC MCB 40/80 CIR. AL BUS ETN BRP40B200 BR PON LC 200A 25KAIC
Specially designed for easy installation, Eaton's BR 1-inch load centers house the branch circuit breakers and the wiring required to distribute power to individual circuits. They serve as main breaker for service entrances or as main lug when adding circuits to existing service. The main breaker protects the entire panel and can be used as a service disconnect. The branch breakers protect the wires leading to individual electrical loads such as fixtures and outlets.
Eaton BR main breaker loadcenter, Ground bar, includes BREQS125 hold-down screw, Plug-on neutral main circuit breaker loadcenter, 200 A, X8, Aluminum, Cover included, NEMA 1, Metallic, 25 kAIC, CSR, 80 circuits, Single pole, 40 spaces
