| extra long description             | CRS-H BUB9 3 1/2 NPT IRON UB MOGUL  |
| Features                           | Crouse-Hinds series mogul bodies are installed in conduit<br>systems to act as pull outlets for conductors that are stiff due to<br>large size or type of insulation. Mogul bodies provide longer<br>openings needed when pulling large conductors and prevent<br>sharp bends and kinks during installation. Mogul conduit bodies<br>are manufactured in trade sizes 1/2" to 6" and are available in<br>Feraloy iron alloy and copper-free aluminum. Our iron alloy<br>bodies are available with a hot dip galvanized finish for added<br>corrosion |
