Description	1P 20A 120V TF GFCI PN BREAKER
extra long description	ETN CHFGF120PN Eaton CH GFCI circui
Features	Eaton's residential CH circuit breakers provide premium overload protection. The Type CH circuit breakers trip to the OFF position eliminating nuisance callbacks. The CHF family also includes a trip flag to differentiate between a trip and the breaker being turne off. The thermal-magnetic trip curve avoids nuisance tripping of mild overloads while reacting almost instantaneously to severe short-circuit conditions. Multiple breakers have an internal common trip connection to operate all poles simultaneous
