ADJUSTABLE FLOOR BOX KITS

INSTALL A RECEPTACLE IN THE FLOOR, THE EASY WAY!

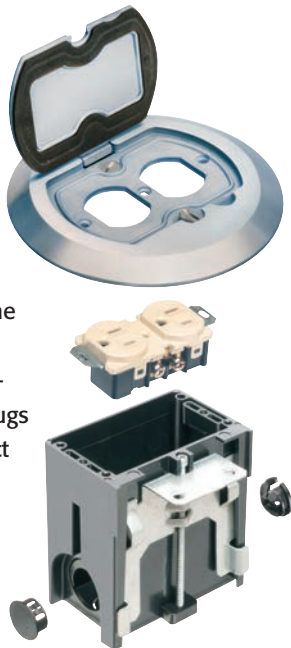

LOW COST... EASY INSTALLATION

Arlington's UL LISTED, Adjustable **FLOOR BOXES** give installers a low cost, convenient way to install a receptacle in a new or existing floor.

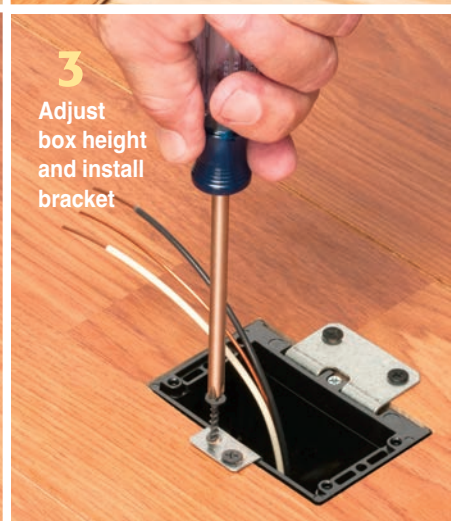

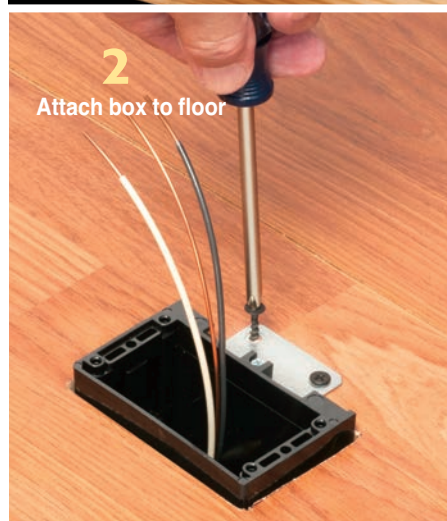

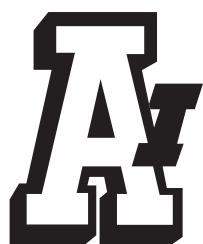

We have a floor box kit to fit nearly any application or jobsite condition including our single gang *adjustable boxes*. They fit varying floor heights up to 2" in new work or retrofit.

Our adjustable box is available with non-metallic or metal covers that hide miscut flooring. Gaskets inside the cover prevent water intrusion – and threaded plugs or flip lids protect the box when it's not in use.
