

# Low Profile Sconce Box

Made in USA 

NEW!

*Perfect for shallow wall cavities or obstructions behind the wall*

**Never mind obstructions behind the wall.**

**Install the fixture where YOU want it, with Arlington's low profile sconce box.**

**NEW!**

**FSC405R**  
Low profile Sconce Box

Arlington's **Low Profile Sconce Box** offers the time-saving solution to retrofit installations that have shallow wall cavities - or obstructions running behind the wallboard.

This 4" diameter non-metallic box installs in an existing 1/2" or 5/8" wall with a 4" hole saw.

- Includes NM cable connector and mounting wings for 1/2" or 5/8" drywall and installation screws for the mounting wings

- 4" diameter box accommodates most sconce light canopies, completely hiding the box

- CULUS Listed 

## Easy installation in Existing Walls...

Determine sconce light location. Cut opening with 4" hole saw.

Pipe obstruction behind wall prevents the installation of a typical sconce box. Install mounting wing for 1/2 or 5/8" drywall. Pull cable...

...Inserting it into installed NM94 connector. Tilt box to insert it into the stud cavity.

Pull box towards you, into the 4" opening. Flip the retaining wings outward. Tighten screws to secure box to wallboard.

Finished box installation. Ready to install sconce light.
