P8022-28/30K9-AC1-L10

Specifications:

Description:

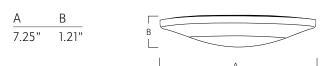

The P8022 delivers a solution for flush mount and recessed applications, for both residential and commercial markets. In addition, the P8022 is wet located and is a cost effective solution for fire rated application. The P8022 features a 120V alternating current source and eliminates the need for a traditional LED driver. This modular approach results in an encapsulated luminaire that unites performance, cost and saftey benefits.

Construction:

- · Diffused polycarbonate lens controls direct glare from the LEDs
- $\boldsymbol{\cdot}$ Simple snap in installation for J-Box and Twist and Push for recessed housings
- $\boldsymbol{\cdot}$ Die-cast aluminum construction with a powder coat paint finish
- · Can be installed in a 4" J-Box and 6", 5" and 4" recessed housing. (All hardware included)
- Lumen output and distribution comparable to a 100W incandescent lamp
- Suitable for use in IC or NON-IC Applications with 25°C (77°F) continuous room side ambient temperature.
- · Provided with quick link for use with E26 Edison Base adapter

Incandescent Digital type dimmers are not recommended.

Dimming capabilities will vary depending on the dimmer control, load, and circuit installation. Always refer to dimmer manufacturer instructions or a controls specialist for specific requirements.

Dimmer control brand names where identified above are trade names or registered trademarks of each respective company.
