- Features**
- F connector module supports video coax cable.
  - Binding posts enable easy speaker wiring for multiroom stereo and accept both stripped conductor and banana plug connection. Red and black color coding makes it simple to ensure correct speaker wiring polarity.
  - Blank module instantly fills unused jack module spaces in wall plates.
  - ST™ and SC adapter modules let you bring fiber directly to the desktop for handling demanding, high-bandwidth applications. Available in both single- and dual-adapter models.
